

A thin, protective solution for the iPad 2 with a choice of viewing or typing angles

The InfiniteAngle

A unique protective solution for the iPad 2, the InfiniteAngle case does what its name suggests: its unique strap design allows iPad 2 users to choose their own perfect viewing or typing angle.

The case is designed to fit the curve of the iPad 2 and allows for use of the rear-facing camera while the iPad 2 is in the case. The ultra-thin construction offers protection without adding bulk to the sleek iPad 2.

- ▷ **Unique materials** Durable and stylish nubuck PU exterior
- ▷ **Multiple viewing angles** Unique design adjusts for an infinite number of stable viewing and typing angles
- ▷ **Instant-on** Instant on/off cover takes advantage of the iPad's sleep function
- ▷ **Ultra-thin design** Ultra-thin construction won't add bulk to the iPad 2, and the soft-touch velvet lining helps prevent scratches
- ▷ **Specifically designed for the iPad 2** Dockable design allows full access to controls and ports so the iPad 2 never has to leave the case

ABOUT ACME MADE

With offices in San Francisco, California and Portland, Oregon, Acme Made specialises in innovative designer business bags, laptop cases and protective camera cases. It was acquired by the Daymen Group in 2008.

Acme Made takes great care in designing the best possible products available. They believe their products are better built, using better materials – and, they hope you'll agree, better-looking. Key features of Acme Made include unique textiles; top-rated materials & hardware; beautiful craftsmanship and designer styling and details.
