

A simple, stable, stylish, ergonomic case for iPad 2

The Orikata Leather

Inspired by the Japanese art of Origami, the Orikata Leather is an innovative, revolutionary case designed specifically for the iPad 2. The unique folding elements quickly and easily tuck into rear compartments to create a stable, ergonomic base to use the iPad in either cinema mode or typing mode. The case is designed to perfectly fit the curve of the iPad 2 and allows for use of the rear-facing camera while the iPad 2 is in the case. The Orikata Leather covers the front screen as well as the back while allowing access to all ports while the iPad 2 is inside.

The Orikata Leather is arguably one of the best iPad cases available when you're looking for a thin, attractive case with lots of functionality.

- ▷ **Unique materials** Genuine leather exterior
- ▷ **Multiple viewing angles** Unique folding elements create a stand for cinema viewing or keyboard mode – both at optimal ergonomic angles
- ▷ **Ultra-thin cover with screen protection** Ultra-thin construction accounts for the curve of the iPad 2
- ▷ **Protective interior** Soft-touch velvet lining protects against scratches
- ▷ **Play-through functionality** Dockable design so the iPad never has to leave the case

The Oriката Leather
