

# gorillatorch.

The GorillaTorch casts a focused beam of intense light and allows you to illuminate any target, hands-free. Straying away from traditional flashlight design, the GorillaTorch is mounted on JOBY's award-winning bendable and flexible legs comprised of medical-grade polymer and German TPE rubber. Combined with its powerful magnetic feet, the GorillaTorch will grip to virtually anything.

The GorillaTorch's lamp is powered by three AA batteries (not included) and allows the user to dictate brightness with the easy slide dimmer feature. Maximum power delivers 65 lumens of white LED light, while lower brightness, energy-saving settings extend battery life to up to 60 hours. Its compact and lightweight design allows for easy storage in a car glove compartment, kitchen drawer or camping backpack.

## FEATURES

- **Flexible, wrappable legs** and magnetic feet allow you to attach the GorillaTorch to just about anything, enabling you to illuminate any target while keeping your hands free
- **Rubberised ring and foot grips** provide enhanced stability on slick or uneven surfaces
- **Adjustable intensity**, up to a whopping 65 lumens, means the level of brightness is appropriate for any scenario. At a low setting it's a nightlight in a tent; turn it up to maximum brilliance for use as a spotlight in the shop. Its adjustment knob, with an indexed intensity meter, allows you to turn on and off and control brightness with a twist of the wrist.

## SPECIFICATIONS

<b>Height:</b>	20cm (7.87 in.)
<b>Weight:</b>	197g (6.95 oz)
<b>Brightness:</b>	65 lumens/1 watt maximum output
<b>Bulb:</b>	Ultrabright LED
<b>Batteries:</b>	3x AA (not included in Australia)
<b>Battery life:</b>	Up to 60 hours (at low brightness)
<b>Warranty:</b>	1 year, limited
<b>Habitat:</b>	Anywhere and everywhere!
