

Photo Sport 200 AW

A backpack designed for athlete-photographers who like to go fast and light

Trail running and photography. Mountain biking and photography. Snowboarding and photography. Adventure sport athletes who like to go fast and light — but equally like to capture the moment — will enjoy the freedom of Lowepro's **Photo Sport 200 AW** backpack. The dual-compartment design offer ample space for personal and camera gear. Contoured adventure-pack construction features ultra-lightweight, resilient and high-performance technical fabrics for improved durability during extreme activity. The patent-pending Ultra-Cinch Camera Chamber™ protects camera gear in a padded and secure compartment and helps prevent bouncing while you're in motion. A side-access pocket allows you to quickly rotate pack to the front, unzip, un-cinch and access your camera. A hydration pocket provides storage and easy access to a hydration reservoir (not included). Additional features include: reflective piping; moulded airflow backpad; multiple attachment points; built-in All Weather AW Cover™. Available in Orange and Black.

About Lowepro

Lowepro founder Greg Lowe established the company's reputation for quality and innovative design in 1967 when he introduced the world's first internal-frame backpack. More than 40 years later, Lowepro continues to revolutionise the industry with pioneering designs and superior quality with the most extensive line of protective carrying solutions for photographic and electronic equipment such as products for cameras, camcorders, notebook computers, imaging accessories and portable consumer electronics.

Lowepro products are distributed in more than 100 countries through photo, outdoor, computer, consumer electronic, mail order and online resellers, in addition to OEM partnerships, Lowepro offices are located in the United States, Canada, the United Kingdom, Australia, Switzerland and Germany.
