## 3.5 Navi™ Bag

### A GPS bag with rugged details and easy access

Lowepro's protective **3.5 Navi™ Bag** takes an inventive approach to hitting the trail, or anywhere, with your handheld GPS device. Portable, rugged and easy to access with a handy drawstring and toggle closure, the bag is made of stretchy neoprene for a snug, protective fit. Soft interior fabric protects the touchscreen from dust, scratches and abrasion. Use the extra-sturdy carabiner to clip the **3.5 Navi Bag** to any belt, strap or loop. A built-in, zippered side pocket holds two AA-sized batteries—an ideal solution when you need spares for a long hike.

The **3.5 Navi Bag** is available in Black.

#### Features/benefits

Inventive "chalk bag" design with drawstring closure	▶ Offers a protective, rugged, outdoor solution with easy access to a hand-held GPS device

#### About Lowepro

Lowepro founder Greg Lowe established the company's reputation for quality and innovative design in 1967 when he introduced the world's first internal-frame backpack. More than 40 years later, Lowepro continues to revolutionise the industry with pioneering design and superior quality with the most extensive line of protective carrying solutions for photographic and electronic equipment including products for cameras, camcorders, notebook computers, imaging accessories and portable consumer electronics.

Lowepro products are distributed in more than 100 countries through photo, outdoor, computer, consumer electronic, mail order and online resellers, in addition to OEM partnerships. Lowepro offices are located in the United States, Canada, the United Kingdom, Australia, Switzerland and Germany.
